- For tips on designing accessible synchronous sessions, you can watch the video on [Universal Design and Synchronous Teaching](#)
- For other useful tips and instructions, you can visit the [De Paul University Zoom page](#)

Using Zoom for your courses

Zoom can be used as a standalone application or within the Virtual Campus.

Visit the TLSS website for more information.

Meeting Etiquette

Zoom is a virtual meeting platform that will be used for synchronous classes. Like in an in-class environment, we need to show respect to our colleagues when we share and discuss ideas. This means personal attacks, inappropriate language, and discrimination in any form will not be tolerated (verbal or written). You can disagree and criticize ideas, not individuals. Additionally, please respect the following points:

- Enter the meeting at the scheduled time, don't be late.
- Be present online, avoid multi-tasking and other distractions.
- Stay on mute when entering the meeting. If you have a question or want to raise a point, use the "raise your hand" icon and wait to be called upon.
- Don't overuse reactions. They shouldn't be a distraction.
- When using your webcam, make sure that your attire and background is appropriate. Treat our virtual lecture like you would our in-class environment. If you want more privacy, use a background effect or office environment.
